

LEAD SO THAT YOUNG CHILDREN SUCCEED

Science proves that early experiences actually build the developing brain and create the foundation for a lifetime of learning, achievement and productive, responsible citizenship. **When we build young brains, we're building a brighter, more prosperous future for everyone in Massachusetts.**

Show your leadership by:

- **Championing** Brain Building
- **Sharing** Brain Building information among your networks
- **Signing** the Brain Building Pledge
- **Advocating** for young children

The children and youth of Massachusetts need your leadership now!
